

HTET KO

Senior Frontend Developer | Full-Stack Web Engineer

Nha Trang, Vietnam | htetko510217@gmail.com | +84 034 650 1405 | htetko.vercel.app | github.com/HtetKo510217

PROFESSIONAL SUMMARY

Senior Web Developer with 5+ years of experience building performant, scalable web applications across Southeast Asian tech markets. Expert in the JavaScript ecosystem (React, Vue, Next.js, Nuxt.js) with proven full-stack capability in Node.js and Laravel. Hands-on experience leading cross-functional teams, conducting technical feasibility assessments, and shipping enterprise-grade products in fast-paced Agile environments. Delivered end-to-end solutions from frontend architecture to API integration and automated mobile testing.

TECHNICAL SKILLS

Frontend	React, Vue.js, Next.js, Nuxt.js, React Native, Tailwind CSS, Bootstrap, SCSS/SASS
Backend	Node.js, Express, PHP, Laravel, RESTful APIs, Python (Appium / Automation)
Databases	MySQL, PostgreSQL, MongoDB, Firebase
Tools	Git, Bitbucket, Vite, Webpack, Rollup, Babel, Jest, Postman, Copilot, Cursor

PROFESSIONAL EXPERIENCE

Freelance Web Developer · Self-Employed

Feb 2026 – Present
Remote

- ▶ Design and build custom websites and web applications for clients using React, Vue.js, and Next.js.
- ▶ Manage full project lifecycle: requirements gathering, architecture, development, and delivery.
- ▶ Deliver responsive, accessible frontends integrated with RESTful APIs and third-party services.

Senior Web Developer · Lang Group

Dec 2024 – Feb 2026
Phnom Penh, Cambodia

- ▶ Built and maintained scalable, responsive web applications using React and Vue.js; enforced clean code standards across the team.
- ▶ Developed automated iOS testing solutions using Python and Appium, reducing QA cycle time significantly.
- ▶ Integrated complex RESTful APIs to enable seamless data flow between frontend and backend services.
- ▶ Managed source control workflows with Git and Bitbucket, facilitating smooth collaborative development.

Senior Frontend Developer · FLCT

Mar 2024 – Nov 2024
Phnom Penh, Cambodia

- ▶ Spearheaded frontend development of enterprise-level applications using React and Vue.js.
- ▶ Conducted technical feasibility assessments of UI/UX designs and optimized apps for speed and scalability.
- ▶ Partnered with designers and backend engineers to deliver a consistent, high-quality user experience.

Team Leader · Willtec Myanmar

Oct 2023 – Mar 2024
Yangon, Myanmar

- ▶ Led a cross-functional team of designers and developers on a Japanese e-learning platform project.
- ▶ Established cross-browser and cross-device testing standards, ensuring compatibility across all target platforms.

- ▶ Mentored junior developers and introduced modern frontend practices to improve team velocity.

Senior Frontend Developer · Illumination

Jan 2023 – Sep 2023
Yangon, Myanmar

- ▶ Built interactive UI components using React and Vue.js that improved user engagement metrics.
- ▶ Optimized page load performance by reducing bundle size, compressing assets, and refactoring inefficient code.
- ▶ Maintained clean, accessible HTML/CSS/JS codebases adhering to WCAG standards.

Junior Web Developer · Doctoral Institute for EBP

Mar 2021 – Dec 2022
Yangon, Myanmar

- ▶ Collaborated with UX/UI teams to build responsive, visually appealing web pages and applications.
- ▶ Conducted cross-browser and device testing; maintained and updated websites with new features and content.
- ▶ Optimized performance through image compression and code efficiency improvements.

NOTABLE PROJECTS

dynamic-json-generator — npm Package

Open-source npm package for generating dynamic fake JSON data for frontend developers using @faker-js/faker. Published and maintained on npm registry.

Dynamic JSON API Generator — Full-Stack Web App

Tool that lets developers generate and serve mock JSON APIs instantly, eliminating backend dependency during frontend development. Built with Next.js, Prisma, and PostgreSQL.

E-Shop — Full-Stack eCommerce App

End-to-end eCommerce platform built with Laravel (backend), React (frontend), and Tailwind CSS. Features category navigation, search, user accounts, and responsive design.

EDUCATION

Bachelor of Electronic Engineering (GPA: 5.0 / 5.0) ·

Technological University Monywa

2013 – 2019
Myanmar

Specialization in Electronics and Engineering. Perfect GPA.
